CHANGING YOUR TOMORROW

Note:

- i. The waiver amount of the 3rd quarter was partly applied in the 3rd quarter invoice and now, the **rest of the waiver of the 3rd quarter** is applied in the 4th quarter invoice along with the **4th quarter waiver** (refer to the above table).
- ii. **For those parents who have already cleared the payment for the fourth quarter, the school will adjust the amount in the next session invoice (either from the session charges or the first quarter fee).**
- iii. Any request for any more waiver or consideration for this session would not be entertained for any parent.
- iv. As usual, **fees will be strictly collected through ODM Connect Portal**. Any other mode of payment would lead to your child's fees not being updated in the portal.

With Warm Regards

Team ODM!
