Sishu Vihar, Infocity Road, Patia, Bhubaneswar- 751024

LEARNING OBJECTIVE :

Children will

- * Develop the skills to collect, organise, display, analyse and interpret the information collected.
- * Collect and record data in their own way and use pictograph to represent it.
- * Will be able to interpret pictographs from magazines or newspapers which can be displayed in the classroom.
- * Be able to define pictograph.
- * Be able to read and interpret pictographs.
- * Be able to create a pictograph.

DATA HANDLING

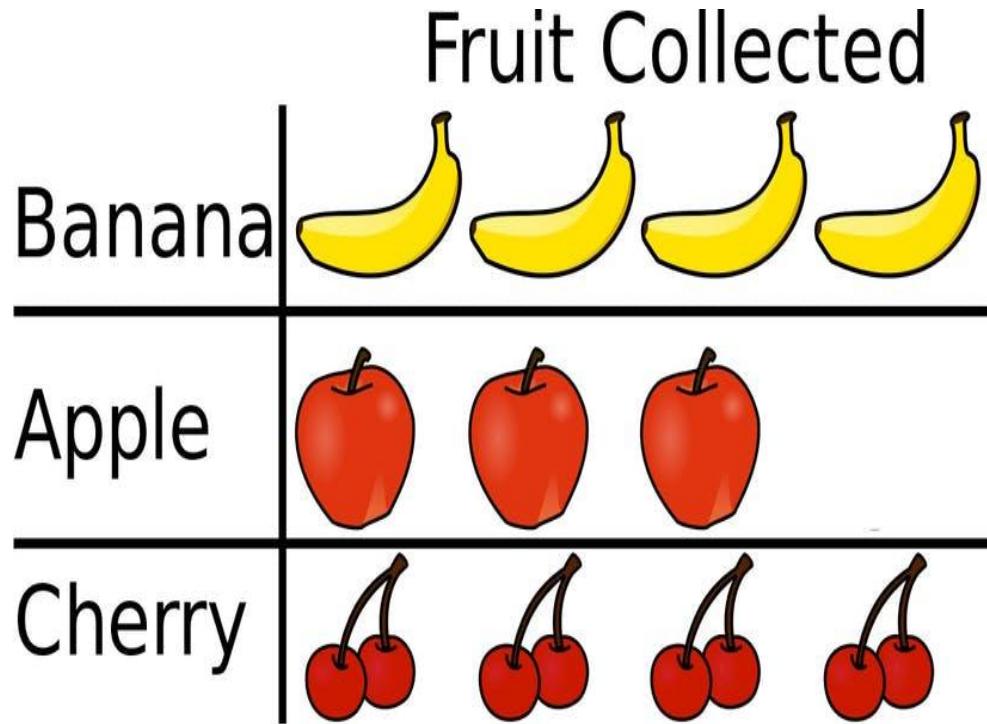

PICTOGRAPH

A pictograph is a way to represent data using images. Each image in the pictograph represents a certain number of things. In other words, a pictograph uses pictures and symbols to convey information about the provided data.

DATA HANDLING

PICTOGRAPH

EXAMPLE

DATA HANDLING

PICTOGRAPH

ACTIVITY

APPLES	A row of 8 red apples.
MANGOES	A row of 6 yellow mangoes.
