

WELCOME TO THE ONLINE CLASS

SESSION NO.: 16

CLASS: 5

SUBJECT: SCIENCE

CHAPTER NUMBER: 1, 2, 5, 6, 7 & 8

CHAPTER NAME: PLANTS- INCREASING THE NUMBERS, FOOD AND HEALTH, SOLIDS, LIQUIDS AND GASES, SOIL EROSION AND CONSERVATION, ROCKS AND MINERALS, ANIMALS EVERYWHERE

SUB TOPIC: ORAL REVISION

CHANGING YOUR TOMORROW

LEARNING OBJECTIVE

To enable the learner to:

- **review the topics.**

ORAL REVISION

1. Plants that contain two seed leaves.

Dicot

2. The development of a seed into a seedling.

Germination

3. The process of scattering of seeds through agents of nature.

Dispersal

4. The practice of growing plants on large scale.

Agriculture

5. Nutrient that keeps our body warm.

Fats

6. The position in which we hold our body we sit, stand or move.

Posture

ORAL REVISION

7. Disease caused because of the deficiency of iron in food.

Anaemia

8. A disease caused due to direct contact.

Chicken pox

9. The process of heating milk at a high temperature and quickly cooling it to kill harmful germs.

Pasteurization

10. The state of matter in which the molecules are attracted by each other with great force.

Solid

11. A temporary change which can be reversed.

Physical change

ORAL REVISION

12. The gas that bubbles out of an aerated drink.

Carbon dioxide

13. The uppermost layer of the earth.

Soil

14. The protection of soil erosion.

Soil conservation

15. Felling trees in large numbers.

Deforestation

16. The process of growing more trees by planting saplings.

Afforestation

17. The rock which has many holes and pockets in it.

Pumice

ORAL REVISION

18. The rock used to make blackboards.

Slate

19. A metal used in making electric wires and coins.

Copper

20. A natural non living substance.

Mineral

21. Magma that reaches the surface of the earth.

Lava

22. Molten rock in underground pockets.

Magma

23. The breathing organ of an oyster.

Gills

ORAL REVISION

24. The two limbs at the front.

Forelimbs

25. The two limbs at the back.

Hindlimbs

26. Animals that gnaw their food.

Rodents

27. Animals that have a dry scaly skin and lays soft shell eggs on land.

Reptiles

28. The mass movement of animals from one place to another.

Migration

29. A harmful migratory insect.

Locust

30. The process in which animals go for a long winter sleep.

Hibernation

ONLINE QUIZ IN KAHOOT

HOMEWORK

Learn Ch- 1, 2, 5, 6, 7 & 8.

LEARNING OUTCOME

The learner will be able to:

- **review the topics.**
